My dear S

Yours of Feb 15th, we
recd to day while at church, and I
hasten to answer it, No not to answer
it, for it is written ^{to Maggie}, But I
write to let you know how thankful
I am to hear directly from you once
more. Your last to me was written
over two months ago, and I cant be-
gin to tell you how anxiously I have
waited for an answer to my last
to you, I should have written again
but we heard you had left S.C.
and I knew not how to direct, I
do hope you will write as often as
you can for it is a great comfort
you can for it is a great comfort
to hear from you, especially to hear
you are well, But it makes me
feel sad to hear that you have to

My dear L

Yours of Feb 15th, we
rec'd to day while at church, and I
hasten to answer it, No not to answer

write to let you know how thankful
I am to hear directly from you once
more. Your last to me was written
over two months ago, and I cant be-
gin to tell you how anxiously I have
waited for an answer to my last
to you, I should have written again
but we heard you had left SC
and I knew not how to direct, I
do hope you will write as often as
you can for it is a great comfort
to hear from you, especially to hear
you are well, But it makes me
feel sad to hear that you have to
endure such hardships & privations

But I will continue to hope
and pray, that it may be over-
ruled for your good and blest to
us all, — I have heard indirectly
that you have left the Hospital depart-
ment and enlisted in the ranks, I
hope you will write soon and let
us know if it is so, for I feel ex-
tremely anxious to know. But I have
long since found it good to trust in the
Lord, feeling confident his promises are
sure, O if I could only hear that
my three sons which is far away (ex-
posed to danger, suffering & temptation)
were trusting in the Lord, were striving
to live for him were doing your duty
faithfully, having an eye single to his
glory, I would ask no more, But then
glory, I would ask no more, ^{but then} ^{but then}
I feel that I do not deserve such
blessings at his hand, when I have
been such an unprofitable servant

O for grace to do better in future

We have not heard from Joseph since he left N.Y., he wrote while there and said they had orders to go to the southern coast of Florida. They have been gone some time, I know not how to direct to him; or should write and try to stir him up, Oh if he only knew how much anxiously he might prevent by being a little more prompt in writing, I think he would exert himself. If you should hear from him I hope you will inform us.

I can assure you I often, very often think of your wants, and if I could relieve them how gladly I would do so. But Oh how many sad hearts how many desolate homes will be the now melting cubicles winter now at the result of this cruel war, And can I expect to escape, Yet my hope is in the Lord and my de-

we hear from Elmer quite
